Delegates Meet

On Tuesday January 24th and Wednesday January 25th 2012 a meeting of Union Delegates within PN Coal NSW and Union Officials was held in the Sydney Union Offices to finalise what are the clauses in the current EA that need alterations / rewriting / modification from an RTBU perspective.

These meetings were conducted in two stages, the first to go over the Common Clauses as a group and the second to split up into classification specific groups to review what, if any, modification or changes are needed to those clauses that effected each specific work classification.

The Delegates were able to use the Membership Surveys to identify the clauses which needed adjustment and the Negotiating Team will be able to present an overview of the changes required, a Log of Claims, to management at the meeting scheduled for the 1st February 2012, and this Log of Claims will also be presented for endorsement by the Membership within that same week, depending on the ability to set up Depot Meetings, but no later than the following week.

The Delegates have now been given the task to sit down and complete the finalising of the changes required to each identified clause so that the document is available to be presented to management at the February 14th / 15th meeting.

As meetings become more frequent so will the frequency of these Newsletters increase. So Members are advised to keep an eye on your Union Notice Boards or subscribe to this Newsletter by following the links at the bottom.

Remember this EA is your Contract with the company, your EA. Contact your Depot Organiser for information or to pass on comments or suggestions
