PN MEMBERS' EA INTERMODAL UPDATE NO.18

LAST CHANCE TO VOTE

Make your voice heard in the Protected Action Ballot

Members effectively have until Wednesday to vote in the Protected Action Ballot because all ballots must be posted back to the Australian Electoral Commission by Friday March 1.

This is a chance for all Members to let Pacific National know how they feel about the lengthy bargaining process for the agreement, and also the outstanding matters of wages and significant changes to the Driver Only Operations clause.

We urge all Members to vote yes to each option.

This does not mean that all options will be taken but it does mean there are more options open to the Membership.

Voting yes to all options also sends a clear message to the company that Intermodal Train Crew expect to be taken more seriously at the bargaining table.
