## Pacific National Bulk & Coal NSW It is Time to Vote

Congratulations - the Fair Work Commission has approved your request for a Protected Action Ballot!

### What happens next?

The Australian Electoral Commission (AEC) will request a list of eligible employees from management and a list of members from the RTBU office to create a roll of voters for the ballot.

To make sure you get a vote, your contact details (address and name) as held by the RTBU and management must match. If your details are different you may not be eligible to vote in this very important vote.

You are reminded that the vote will only be successful if a majority of members vote. So make sure your details are up to date!

To make sure you get a vote in the ballot, you need to:

- Send the RTBU office a change of details form to confirm your full name, address and telephone number. You can email [nswho@rtbu-nsw.asn.au](mailto:nswho@rtbu-nsw.asn.au) or fax 0292647679.
- Check the *My Connect* app to make sure that the details the RTBU office and the Company have on file match.
- Ask at least one of your workmates to do the same thing.

The attached ballot order lists the actions you will be voting on. Remember a YES vote is not a commitment to take every action listed - it is an opportunity to vote YES to make sure you have all options available to you and your workmates. Your RTBU Locomotive Division team recommends you vote YES on every question.
