SYDNEY TRAINS REFORM

TRAIN CREW - NEWSFLASH

These are RTBU member meetings and are for the purpose of updating members on the discussions to date, the process going forward and to give members feedback on the recent member survey.

Another survey will be open during the week commencing the 26th October to gain additional feedback and information from members.

In an effort to involve additional delegates, in principle agreement was reached to form four working groups to further discuss (not negotiate or change) the following:

- * Better Roster Concepts
- * Rostering Code / Arrangements
- * Mileage / Lift Up & Lay Back payments
- * Mileage / Lift Up & Lay Back Conditions

Members will be advised of those delegates involved in the above work groups in the next Newsflash.

The working groups will not commence until after the Depot Tour has been completed and will report back to regular full combined delegates meetings/forums to keep all delegates up to date, get feedback and comment on the discussions.

Members will continue to be regularly updated on the discussions and are assured no changes can occur to any of the items in Clause 12 unless the majority of those members affected vote in favour of any change if an outcome can be reached.

Unless you hear it and or see it in writing from the union, it is probably a rumour. You shouldn't hesitate to contact your delegate, the Divisional Office and or send an email to the dedicated RTBU Member email address: sydneytrainsreform@rtbu-nsw.asn.au
