## Southern Shorthaul Railway Enterprise Agreement 2016 To Members

The Southern Shorthaul Enterprise Agreement is nearly up for renewal and as such a survey was sent out to all members for their feed back and what changes they would like to see within the new Enterprise Agreement.

There was an overwhelming response from members and as part of the survey, members were asked to mark in order of preference the priorities from 10 seperate issues.

Your response's are highlighted in the below graph with the most important issue as identified by members having the lower point score, which show Rostering, Working Conditions and Wage Increases beign the top 3 items.

Also as part of the Survey members were asked what changes they would like to see within the new Enterprise Agreement with this information being compiled into A Log of Claims and sent back to members for endorsement.
