Genesee & Wyoming Members

[NEW Proposed Rosters](#)

RTBU Organiser's met with G & W local Management on Friday 12th January 2018 to discuss the disputed proposed rosters and other outstanding issues.

ROSTERS

At this meeting, the RTBU raised the dispute that is currently engaged on the Proposed Rosters, which are not Enterprise Agreement compliant. G&W handed us copies of 3 rosters that are currently being worked upon and were that the that we required a meeting with the Company, employee represented Roster Committee and ourselves to work thru the outstanding issues and develop an EA Compliant roster all parties are happy with. The RTBU have written to G&W to set up the meeting and are awaiting a response.

As G & W have indicated that they wish to implement a new roster on 25th February 2018, to ensure it is Enterprise Agreement compliant, the meeting needs to happen sooner rather than later.

Members will be kept informed of developments as they occur.
