Enterprise Agreement Workplace Meetings

A Combined Rail Unions Delegates conference was held last week to consider the Rail Entities proposal and give direction for our negotiating teams regarding the next steps.

Arising from the Delegates Conference was the direction to conduct workplace meetings to inform Members of the current state of negotiations, discuss the offer put forward by Management and the Combined Rail Unions position in relation to this, compile feedback and to seek endorsement of resolutions.

As such, Delegates will be conducting workplace meetings in either a group or one on one format. Please contact your local Delegate to ascertain where and when meetings will be held or, alternatively have discussions with them personally.

It would be appreciated if members could attend these important information sessions to have your say and make sure you are informed on the status of negotiations that will directly affect your future EA and its entitlements.
