Southern Shorthaul Railway - EA Tour Update

The RTBU Locomotive Division will be conducting a tour to explain all the changes that have occurred within the Company proposed new Enterprise Agreement and those items in your claim that the Company has not agreed to. It is anticipated that an SSR representative will be attending the meetings to give their view/presentation and then leave the meeting to allow the Locomotive Division to speak to members and answer any questions regarding the proposed EA.

The Company's final offer which has not been endorsed by the Locomotive Division or your Delegate's, due to it not meeting all the issues requested by members including Duty Free Days, will be sent out for members to vote on by the Company. If members rejected the proposed Enterprise Agreement, the Locomotive Division will conduct a delegate's hook up to get endorsement to commence the process for a protected action ballot.

Please see below dates, location and times of the meetings.

Date	Area	Location	Times
